### 1 Over Bed/Chair Table

These Over Bed/Chair Tables are made from chromium and powder coated steel with a wooden top which can be set at varying angles. The table tops are trimmed with an edging so that items will not slip off.

These tables are supplied flat packed. One version is supplied without castors and the other version with four 2" swivel castors with brakes.

<b>Table Size</b>	560 x 410mm (22" x 16½")
<b>Adjustable Height</b>	650-980mm (25½"-38½")

**PR60196 With Castors**

**PR60197 Without Castors**

### 2 Mobile Table

This high quality table enables the surface to be tilted whilst the smaller, fixed surface can be used to hold all sorts of useful things. Mahogany laminated top with deep rims on both sides to secure items when tilted. Fitted with smooth glide castors for ease of movement and is easily.

Height Adjustment	Large Table Top	Small Table Top
710 x 1140mm (28" x 45")	605 x 385mm (24" x 15")	200 x 385mm (8" x 15")

**PR60171-P**

### 3 Deluxe Overbed Table

This cantilever overbed table is adjustable in height and tilt. The table top has a lip around the edges to prevent items from sliding off and it can be folded flat for storage. The table is mobile with 4 castors (2 castors are lockable). Available in a black frame with a walnut style table top.

Height 610-940mm (24-37") Table top size 600 x 400mm (23½" x 15¾") Weight 9kg

A side table is available to fit on this overbed table. It provides a static flat platform that can be used for drinks if the main part of the table is being tilted.

Side table top size 170 x 400mm (6¾" x 15¾") Weight 1.7kg

**PR60192 Deluxe overbed table - walnut**

**PR60192/ST Optional side table - walnut**

### 3 Table Valet

This portable table valet is ideal for TV dinners, painting, cards, jigsaws, hobbies and bedside meals. This strong, yet lightweight, table folds quickly and easily for storage and transportation. The wipe clean top has a lip to prevent items from rolling off and is adjustable in both height and angle.

- Table Top: 15.5" x 20.5" (39cm x 52cm).
- Height adjustable from 21.5" to 28.5" (54cm to 72cm) (flat).
- Folds down to: 3" x 22" (7.5cm x 59cm).
- Table Weight: 2.5kg.
- Supplied flat packed for home assembly.

PR60190

### 1 Bed Tray

This attractive wooden bed tray has a large laminated top which tilts to a 45 degree angle for easy reading and writing while in bed. It is easily wiped clean. The legs fold for convenient storage.

<b>Height</b>	240mm (9½")
<b>Width</b>	550mm (21½")
<b>Depth</b>	350mm (13½")
<b>Weight</b>	5 lbs

PR60193

### 2 Bed Tray

This bed tray is finished in walnut. The feet can be folded for storage. The top measures 400 x 600mm (15¾ x 23½"). Height is 250mm (9¾"). Weight 1.7kg.

PR60191

### 3 Stay Tray with Bean Bag

This tray features a Dycem Non-Slip mat to prevent the tray contents from slipping. It also has a bean bag attached underneath to allow it to sit comfortably on the knees in a very stable position. The detachable bean bag has a washable cover. Ideal for use when sitting in a chair or bed. Size: Length 450mm - Width 330mm

PR60245

### 4 Lap Desk

Ideal for meetings, when travelling or in the home, our lightweight professional Lap Desk is your perfect portable partner.

- The cushioned base readily moulds to your lap, creating a stable work station, whilst the wipe clean leatherette top provides a hard and durable surface
  - Ideal for use with laptop computer
  - Carry handle for easy transportation
- Size 40 x 39cm

SP94248

## 2 Bed Backrest

Powder coated strong frame covered in breathable nylon fabric with pillow. Adjustable in height.

**PR30230**

Max  
user  
weight

## 2 Telescopic Bed Rails

These chrome plated steel grab rails extend from 1168 to 1829mm (46 to 72") and the crossbar extends from 737 to 1118mm (29 to 44"). Suitable for single beds only. Sold in pairs. Not suitable for divan beds

**PR60247**

## 3 Cot Side Bumpers

These bumpers are designed to fit a variety of cot sides and can be easily fastened in place. Made from thick foam, covered with a breathable, wipe clean fabric.

Code	Length	Height
<b>PR20128</b>	1320mm (52")	405mm (16")
<b>PR20129</b>	1830mm (72")	405mm (16")

## 4 Posey Siderail Wedges

Cushion siderails help close gaps between the siderails and mattress. Use Posey Siderail Wedges to help protect clients from injury due to siderails. These cushions also help deter unassisted bed exits. Use individually to close the gap between half siderails or to cover the half siderail. Zip the pair of wedges together to provide 6 feet (1.8m) of full-length protection. Also may be used to cushion the headboard and footboard. Constructed of durable, plush foam covered with soft, water-repellent, bacteriostatic Staph-Chek vinyl. Attaches with hook and loop straps. Measures 890mm long, 430mm high and 510mm thick (35 x 17 x 20") at the top and bottom edges. Sold in pairs.

**PR20200 Pair**

### 1 Pillow Lifter

The Medeci Pillow Lifter is a well designed, stable, rising aid that has a very smooth action and is quiet in use. In its lowest position it is almost flat for maximum comfort while sleeping, and elevates to 85 degrees.

The comfortable fire-resistant, tapered foam mattress is covered with a non-woven fabric that is over-coated with a quilted mattress protector. Two poly-cotton fitted sheets are supplied, which have a pillow pocket sewn into them to stop the pillow sliding down when the back is elevated.

The elevator is controlled by a simple two button hand control, and is powered by a low voltage transformer with battery back-up.

### 2 Home Bed Rail

This sturdy bed rail offers stability to those who have difficulty getting in and out of bed. The frame is height adjustable and can be positioned anywhere under the mattress of most divan style beds.

The two legs rest on the floor securely with rubber ferrules. This rail is supplied flat packed and is simple to assemble and install.

Height adjustable 83-93cm (32-36").

Width 508mm (20").

**PR60242**

### 3 Two in One Bed Rail

One solution for divan and slatted beds. Providing a stable support when getting in or out of bed, the reversible plastic base is designed so that on one side the 2 in 1 Bed Rail will fit a divan bed and when reversed it fits a slatted bed. The innovative shape of the metal handrail easily and comfortably enables the user's lifting action from lying to a sitting position and from a sitting to a standing position. The nylon coated hand rail is treated with Rilsan ® anti bacterial coating to prevent cross infection and is detached from the base via two e-clips enabling it to be positioned as required for either bed type. Complete with an easy to fit strap to hold it securely in position. Can be autoclaved at cleaning cycles of 80°C. Height including base 560mm (22").

### 4 Bed Leaver® Bed Grab Rail

The Liftwell Bed Leaver® bed grab rail is probably the most well recognised bed grab rail on the market, used widely by health professionals across the NHS and Social Services. The baseboard is made from high grade ply, which will not crack or split, and the beech hardwood end block, which is visible on the outside edge of the bed when fitted, provides an attractive finish. Designed for use on divan style beds and will fit single, double and king size.

Width	Length	Handle height	Weight
330mm (13")	600mm (23.5")	500mm (19.5")	4kg

## 1 Easyleaver® Bed Grab Rail

Designed for use on divan style beds; suitable for use on single, double or kingsize.

This all-metal bed grab rail is simple to assemble and dismantle without tools, making it an ideal choice if you want to take it with you when going on holiday, or visiting relatives. Flat when dismantled for easy storage. Easy to clean.

An additional advantage of the Easyleaver® range is the choice of sizes depending on the user's weight. The standard Easyleaver® bed grab rail has a maximum user weight of 17 stone (108kg), with a Heavy Duty version accommodating a maximum user weight of 25 stone (160kg). Available in white.

	Product	Width	Length height	Handle	Weight	Max User Weight
PR60237/HD	Heavy Duty	440mm (17")	780mm (31")	470mm (18.5")	4.3kg	160kg 25st
PR60237	Standard	365mm (14.5")	620mm (24.5")	470mm (18.5")	3.1kg	108kg 17st

## 2 Easyrail® Bed Grab Rail

The Easyrail® is designed to fit those beds where the mattress sits within a side frame, such as pine slatted beds.

It is Easy to assemble and dismantle, with no need for tools and can be transported or stored when not in use. The Easyrail® single-handle can be used on single, double or kingsize beds, and has one handle. Choice of sizes determined by user's weight- standard Easyrail® and Heavy Duty.

If two occupants need assistance, or a single occupant would benefit from the use of a bed grab rail handle on both sides of bed, the Easyrail® twin-handle is available. This is suitable for use on larger single beds (minimum bed width 38"/972mm), double beds, and kingsize beds (maximum bed width 62"/1575mm).

Available in white.

	Product	Width	Length	Handle height	Weight	Max user weight

### 4 Medici Secured Furniture Raisers

The Medici Furniture Raisers can be used for chairs, beds and tables with legs, as well as for armchairs and divan beds.

The units adjust in height simply by turning the body relative to the base. The range of height adjustment for furniture with castors is 100mm to 176mm (4" to 7"); while for furniture with legs that sit inside the cups, the effective height raise is between 50mm and 127mm (2" to 5"). There is a gauge marked on the side of the raiser for ease of use.

The raisers secure to furniture with legs by rotating the top collar of the unit relative to the body, which tightens an internal strap around the leg. For fitment to furniture with castors one of two methods can be used, either by putting the universal castor adaptor around the castor and lowering it into the raiser, or by removing the castor from its socket and replacing it with the bobbin. Both accessories are included with each set of raisers.

The raisers have a large enough base to ensure stability, though are unobtrusive when fitted. They are also incredibly strong and have a maximum weight rating of 500kg (78 stone).

Internal diameter 70mm, diameter of base 150mm.

### 2 The UpEasy Power Lifting Cushion

The UpEasy Power Lifting Cushion can easily transform any armchair, or sofa into a riser chair. It provides 100% lift for users and, due to the non-slip base, it can be safely used in recliners. Weighing just 5.4kg, this power cushion has a built-in carry handle, which makes it extremely portable. The UpEasy Power Lifting Cushion is an affordable alternative for those who need a riser chair, or a portable accessory for those who already own one. Suitable for people who need assistance to sit or stand due to insufficient upper or lower body strength. To operate the seat, simply flick either of the power levers up, and then place your hands on the chair arms while you are being lifted, the cushion will stop automatically when it reaches its maximum height, or can be stopped by gently pushing the lever down. The levers are detachable, enabling the seat to be operated from either side. Supplied with a machine washable blue cover that may be wiped clean with a damp cloth. Seat depth 480mm (19"). Seat width 410mm (16"). Maximum height of seat 250mm (10"). Minimum height of seat 60mm (2½"). Cable length 3.7m (12ft). Weight 5.4kg.

### 1 Walking Trolley

These adjustable height trolleys are made from brown plastic coated steel tubing and are fitted with four swivel castors for maximum manoeuvrability. The angled handles give improved patient support.

Trolley PR60250 has two teak laminated shelves with raised edges to prevent items from slipping off. Trolley PR60269 has two clip on plastic shelves with raised edges to prevent items slipping off. These shelves can be removed for washing.

<b>Depth</b>	450mm (17½")
<b>Width Front</b>	450mm (17½")
<b>Width Back</b>	450mm (17½")
<b>Height</b>	840-990mm (33-39")
<b>Width Between Handles</b>	400mm (15½")

**PR60250**

### 2 Wooden Compact Trolley

The trolley walker can assist those who need help carrying meals or other objects. Manufactured from selected hardwoods, the trolley is hygienic and easily cleaned. The melamine shelves are heat resistant and the four legs are fitted with 50mm (2") rolling castors and a push bar set at 900mm (37") for easy walking and support. Dimensions: 900 x 400 x 400mm (35.5 x 15.5 x 15.5")

**PR60251**

### 3 Walking Trolley with Plastic Trays

This trolley is very robust and constructed from a plastic coated steel design. The tough shelves are plastic injection moulded, will not crack, and feature a continuous lip. The bottom shelf is set forward for ease of walking/dining. The trolley has 4 large 100mm (4") diameter castors as standard and has an height adjustable range of 840-990mm (33-39").

Shelf size 310x400mm (33-39")

Overall width 455mm (18")

Overall depth 480mm (19")

**PR60268**

### 4 Gemini Height Adjustable Trolley

A purpose designed trolley to assist those who may be unsteady on their feet. A powder coated tubular steel frame and subtle colours make it suitable for all homes and avoid an institutional appearance. Dependent upon model, soft grip handles are individually adjustable for height and angle and are adjustable in height by use of a clamp. The kick back rear legs ensure stability. The 75mm diameter castors provide manoeuvrability and mean that door thresholds can be easily negotiated. The shelves are tough ABS plastic and are heat resistant. They also feature a slight lip to avoid spillage. A hook on the back can carry personal bags etc. Designed to enable the user to safely transfer food or other heavy items from one room to another. They are sturdy enough to support the user weight and stable enough to aid balance and user confidence.

Length: 410mm

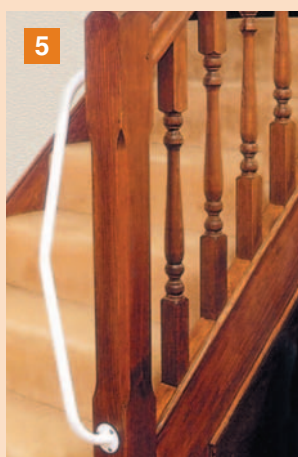

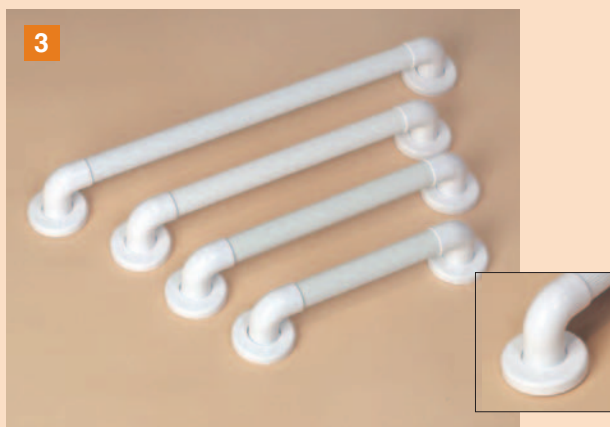

Width: 530mm

Height adjustable from 880-988mm

Max shelf weight: 25kg.

**PR60628**

### 1 Plastic Coated Steel Grab Bars

These white plastic coated rails offer quality and durability. Manufactured in 1in (2.5cm) diameter steel tube and stand 3.5in (9cm) off the wall. They have a circular fixing plate with 3 fixing points per plate. No screws are provided with rails.

**PR60270** length 305mm (12")

**PR60271** length 450mm (18")

**PR60272** length 610mm (24")

**PR60273** length 915mm (36")

### 2 Steel Grab Rails

Plastic coated grab rails available in three lengths. Manufactured from 2.5cm (1") tube. Two fixing holes with flat fixing plates.

**PR45560** 460mm (18")

**PR45561** 610mm (24")

**PR45562** 685mm (27")

### 3 Moulded Fluted Grab Rails

This cost effective range of plastic grab rails have circular fixing plates supplied with a covering disc. The disc (A) is clipped over the attachment screws, creating a fully insulated handle or rail. The range consists of four rails, which are useful for the bathroom, corridors and stairways. The rails are fluted to provide better grip for wet hands.

Diameter of tubes 1½"

Distance from wall 2½"

Disc diameter 3⅝"

**PR60260** left angle

**PR60261** right angle

### 6 Prima Outdoor Rail

The Prima Outdoor Rail has been designed to be used out doors mainly to help in doorways. The bar has good grip and is coloured in black. Length is 450mm (18").

**PR60287**

### 1 Littergrabber Reacher

This Littergrabber is lightweight and robust, making it ideal for use anywhere, but especially out of doors. Excellent value for money.

- Ideal for picking up litter or for use in the garden
- Over-moulded handle for a comfortable grip
- Magnetic head
- Trigger design handle for ease of use; reinforced trigger for extended product life
- Rotatable head to obtain the best angle of use
- 3 lengths available

**PR60221/26** Length 660mm (26")

**PR60221/30** Length 766mm (30")

**PR60221/40** Length 1016mm (40")

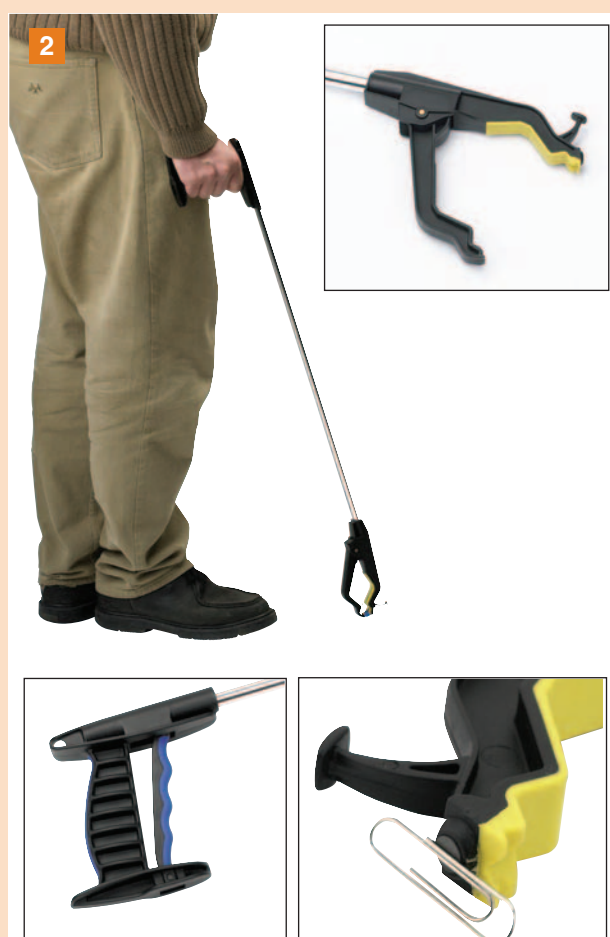

### 2 Bettergrip Reacher

An extremely light, but strong reacher that helps with every kind of task. Imagine the effort and strain you could save by using this reacher to pick up dropped items. Reach items which are placed high up, low down, or out of reach, pull curtains without overstretching, and assist when dressing or undressing.

- Handle has a trigger action operated by all four fingers, making it easy to use, even with weak hands
- Deluxe moulded finish, soft to the touch, provides a comfortable and secure grip, even with wet hands
- Reinforced trigger for extended product life
- Rubber lined jaw provides a secure grip
- Features a magnet for retrieving metal objects easily
- Swiveling jaw avoids the need to rotate the wrist
- Incorporates a dressing hook
- Available in 2 lengths

**PR60220/26** Length 660mm (26")

**PR60220/30** Length 766mm (30")

### 3 TeleStik Reacher

**TeleStik®** is the newly designed portable reacher that does what the others don't. **TeleStik®** allows you to retrieve hard-to-reach items without requiring significant grip strength or dexterity. And it gets in tighter places than other reachers because of its sleek design and clever sticking mechanisms

There are two types that have been developed which are:

1. The Adhesive type which enables you to pick up items as heavy as one pound with our extraordinary washable adhesive disk!
2. The Magnetic version which picks up most metal objects up to one pound which are no match for this curiously strong magnet!

**PR60216** Adhesive

**PR60217** Magnetic

**PR60215** 2 in One (includes an Adhesive and Magnetic all)

**PR60218** Multi Pack (pack contains 2 products: 1 Adhesive and 1 Magnetic)

**PR60216/DISK** Replacement adhesive disks x 2

**PR60219** Strap for TeleStik

1

### 1 Rotating Reacher

This reacher with the rotating clamp is ideal for individual tasks, just rotate the clamp to suit the job in hand. Easy to operate with the pistol style grip, also the reacher only weighs 260g so its very light to use, length 787mm (31").

PR60214

2

### 2 Rainbow Reacher

Pick up small items securely with minimal finger flexion.

This reacher offers the security of suction cups for a strong hold on objects. It features a lightweight shaft and an easy-to-close hand grip. Fits comfortably even in childrens' hands and requires minimal finger flexion. The jaws open to 110mm (4½") wide for one of the largest grasps of any reacher on the market.

	Length	Weight
PR60032	530mm (21")	119g (4oz)
PR60033	790mm (31")	142g (5oz)

3

### 3 Standard Reacher

This reacher with the pistol style grip is easy to operate, this light weight reacher has a magnet on the tip which enables you to pick up metallic objects. Lightweight reacher available in two sizes.

	Length	Weight
PR60208 Short	673mm (26.5")	168g
PR60209 Long	825mm (32.5")	190g

4

### 4 Folding Reacher

This folding reacher conveniently folds down from 673 to 343mm (26½ to 13½"). It also has a magnet on the tip to pick up metallic objects.

PR60205

### 5 Combi – Reacher

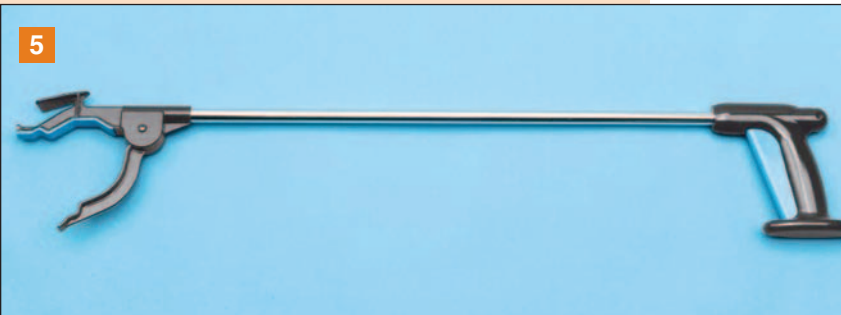

Lightweight and robust, this versatile reacher is ideal for picking up everyday items around the home for those who have difficulty bending or reaching. Containing no skin traps, the four finger trigger action is suitable for those with limited grip, whilst the 360°revolving head avoids the need to rotate the wrist which may be painful for some users.

Additional features include an easy-grip shoehorn, rubber lined jaw that provide extra grip when lifting, a useful magnet and reacher tip designed for ease of picking and scooping up papers. Trigger contains minimal dirt traps that assist with easier cleaning. Also features a clip for storing the reacher on a walking frame. Available in two lengths.

	Length	Weight
PR60210/26	660mm (26")	160gm
PR60210/32	813mm (32")	180gm

5

### 1 Self Opening Scissors

All purpose scissors are easy to use. Squeeze then relax the hand as the handles spring open for the next cut. Scissors are operated with the whole hand, not just the fingers, making them ideal for persons with thumb injuries or decreased hand strength. Precision ground stainless steel blades measure 89mm (3½") long. Dishwasher safe. Total length is 222mm (8¾"). Can be used with left or right hand.

**PR63011**

### 2 Long Handled Toenail Scissors

The moulded finger and thumb grip on these Toenail scissors allow easier gripping and greater leverage. The extended shank gives extra reach for those who have difficulty bending, and the long loop handle allows strength and control of the whole hand being used. The slightly serrated stainless steel blades stop the nail from slipping whilst being cut. This strong angled blade provides a good cutting position and can cut through even the toughest nails. Measures 210mm (8¼") long.

**PR63006**

### 3 Mini Easy Grip Craft Scissors

These Mini Easy Grip Scissors fit easily and comfortably into the hand, with a looped handle for easy cutting. These scissors are ideal for needlework, crafts or for use when cutting in more intricate areas. The self-opening handle is ideal for persons with arthritis or thumb injuries and can be used with right or left hand. Supplied with blade guard.

**PR63003**

### 4 Loop Scissors

Gently squeeze the loop scissors for easy cutting. The textured Polypropylene handles are contoured to fit comfortably in the hand. Self opening handle is ideal for persons with arthritis or thumb injuries. The detachable spring band may be reversed as needed to restore spring tension. The 2¼" stainless steel blades are available with round tips or pointed tips. Total length is 152mm (6"). Use with right or left hand.

**PR63008 Rounded End 45mm**

**PR63009 Pointed End 45mm**

**PR63010 Pointed End 75mm**

### 5 Easi Grip Tweezers

Very light weight tweezers, easy to use with a self opening action. Stainless Steel with comfortable contoured handle.

**PR63004**

1

### 1 Dual Control Training Scissors

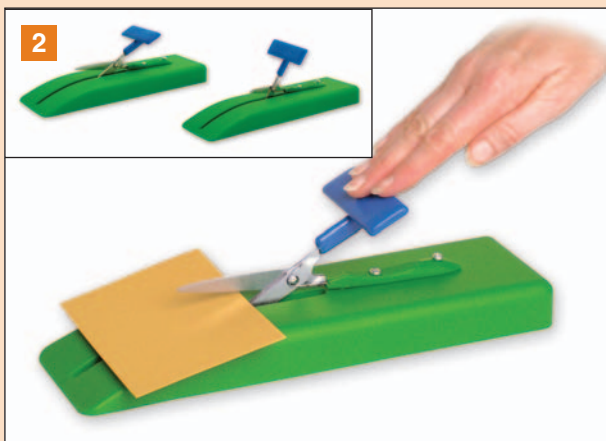

Developed, under consultation with Occupational Therapists, to assist the people who:

- Have poor visuo motor co-ordination
- Lacks the strength to complete a cutting action
- Have a tremor and cannot place the scissors at a given starting point
- Have poor background/ foreground differentiation Ideal for learning the opening /closing action of scissor skills
- Colour coded handles easily identify whether for right hand (blue), or for left hand (green)

**PR63053/R Right handed**

**PR63053/L Left handed**

2

### 2 Mounted Table Top Scissors

Designed for use by children and adults with very limited strength and control, or for use one-handed. The brightly coloured green plastic base provides stability whilst keeping the product lightweight. Large "T" shaped handle to assist grip and leverage

- Brightly coloured base aids visual differentiation
- Stainless steel blades with guaranteed secure fixing to handles
- Discreet spring to automatically reopen the scissors
- Rubber feet prevent scissors slipping on surface
- Replacement scissor part available by special order
- Lightweight

**PR63052**

3

### 3 Push Down Table Top Scissors

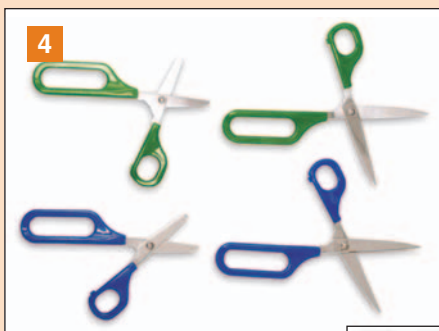

These scissors are easy to use simply requiring a pushing down action on the "T" shaped handle. The spring will automatically reopen the scissors once the pressure is released. Ideal for children or adults either with poor strength or who are unable to use scissors with conventional loops.

The scissors can be used in two ways: By maintaining the paper in fixed position it can be cut by "scooting" the scissors along the table; alternatively you can keep the scissors still (placing it on a Dycem® mat may assist with stability) and moving the paper towards the scissors.

Blade guard supplied for safety. Ultra lightweight

**PR63050**

4

### 4 Long Loop Self Closing Scissors

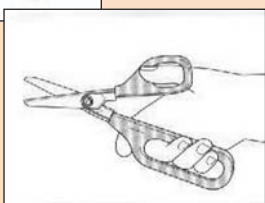

Designed with an extended loop to give increased strength and control over the cutting action. Additionally a spring has been fitted which will automatically reopen the scissors.

Place the index finger outside the loop to provide guidance and control. The middle, ring and little fingers are inserted through the loop to provide the strength for the cutting action. The spring will force the blades back to an open position after the grip has been eased.

- Stainless steel blades with guaranteed secure fixing to handles
- Extended loop allows strength and control of all fingers to be used
- Comfortable grip given by wide finger contact area
- Colour coded handles easily identify whether for right hand (blue), or for left hand (green)
- Blade guard supplied for safety

**PR63051/R Right handed**

**PR63051/L Left handed**

## 1 Dycem Retail Solutions

A well presented range of retail solutions are on offer for some of the Dycem products. These solutions would be perfect as counter top displays in order to promote the Bottle Opener, Jar Opener and 14cm Mat. For all three versions, the products come loose as displayed in the image and there are 25 per display pack. These are available in Blue, Yellow and Silver.

PR61627/DP/B	Dycem jar twister x 25 + retail counter display pack - Blue
PR61627/DP/Y	Dycem jar twister x 25 + retail counter display pack - Yellow
PR61627/DP/S	Dycem jar twister x 25 + retail counter display pack - Silver
PR61628/DP/B	Dycem bottle twister x 25 + retail counter display pack - Blue
PR61628/DP/Y	Dycem bottle twister x 25 + retail counter display pack - Yellow
PR61628/DP/S	Dycem bottle twister x 25 + retail counter display pack - Silver
PR61600/DP/B	Dycem coaster x 25 + retail counter display pack - Blue
PR61600/DP/Y	Dycem coaster x 25 + retail counter display pack - Yellow
PR61600/DP/S	Dycem coaster x 25 + retail counter display pack - Silver

## 2 Dycem Reel Dispenser

There is also a Reel Dispenser available. The product has been laminated on both sides for ease of handling. The dispenser will be particularly useful for professionals and therapists as it will allow them to quickly and easily cut pieces of Dycem Reel as required.

**PR61638 Dycem reel dispenser 20cm x 15m - Blue**

**PR61639 Dycem reel dispenser 40cm x 15m - Blue**

## Yellow Dycem

Yellow Dycem is available in a variety of formats: reels for self adhesive strips and anchor pads. Designed for use by those with visual impairment and is also perfect for use with children.

## 3 Non Slip Rectangular Mat

**PR61623 TRANSPARENT**

**PR61624 GREEN GINGHAM**

## 3 Self Adhesive Strips

Versatile Dycem strips.

These Dycem strips have an adhesive backing to secure them into place. They are very versatile and can be attached to wheelchair arms, walking frames and sticks, or to build up handles to give a more secure grip on pens, cutlery and tools. Colours available in blue and yellow.

**PR61630 400mm x 30mm (Pack of 3) BLUE**

**PR61631 400mm x 30mm (Pack of 3) YELLOW**

## 4 Furniture Discs

The furniture disk has a 2" diameter and can be used as it is or trimmed to fit the bottom of chairs, tables or other furniture. Non slip floor discs are designed to stop chairs and sofas sliding on Parquet / wooden floors. Non slip floor discs also help prevent scratching of your floors. Available in packs of 8. Colour: Blue

**PR61637**

## 5 Slipagrip Anti Slip Rolls

Slipagrip excel has amazing non slip properties and a multitude of uses i.e under chair or wheelchair cushions, under mats or rugs, on tables or shelves etc. Rolls are 500mm (20") wide and 1.65 metres (65") long and come in assorted colours. Colours may vary.

**PR61580 50cm x 1.65m roll**

## 1 Right Angled Handle Kitchen Utensils

This range of Easy-Grip Kitchen Utensils have comfortable, contoured handles with a non-slip "soft-feel" finish, giving a firm grip in either hand. The handle is angled at 90° to maintain the hand and wrist in a natural, stress-free position. This entire range of utensils is lightweight and all metal parts are made from stainless steel. All items within the range are dishwasher safe.

**PR63012**

**Carving Fork with Right Angled Handle**

## 2 Pan Holder

Pots stay in place for one-handed stirring. Stirring with one hand is easy with the Pan holder. Place the pan-handle in the slot of the steel-wire frame. Attach to the stove top with the suction cup feet. Accommodates different sizes of pots and pans. Epoxy coating to prevent scratches on ranges and cookware.

**PR60012**

### 1 Pourfect

The better bowls – establish their advantages every day. No sloshing, spilling or dripping. No stains, no slipping, no tipping over.

The ingenious POURfect™-Bowls don't slosh or spill. You'll pour exact amounts, guaranteed no dribbling.

The pouring channel which starts in the base and leads the ingredients directly into the non-drip pourer. The raised winged edges guarantee that nothing slips past the spout or slops over the bowl rim. Hook the small wedge (below the pourer) over the rim of your saucepan and the POURfect™-Bowl rests securely. This allows you to pour in a relaxed and controlled fashion. These bowls will never slip out of your hand or tip over either. The arched open handles require you to use your whole hand unlike conventional bowls where you just use the fingers to lift and pour.

**Microwave and dishwasher safe. Stackable to save space.**

With non-slip rubberised bases and measuring scales in ml and cups.

**PR60077/124 Pourfect 2 bowl set – 1.5 litre & 2 litre**

**PR60077/68 Pourfect 3 bowl set – 250ml, 500ml, 1 litre**

### 2 Good Grips® Pizza Wheel

Slicing pizza is easy with the Good Grips® sharp, stainless steel pizza wheel. A thumb guard keeps fingers away from the blade for added safety, and a soft handle absorbs pressure while you slice up your favorite pizza. Dimensions: 20.25 x 7.5 x 2.5 cm (8" x 3" x 1")

Dishwasher safe

**PR63030**

### 3 Good Grips® 8" Slicer Knife

The Good Grips® Slicer Knife has an 8" long blade. Built-up handles provide a safe grip. All Good Grips® Knives have the unique Good Grips® handle for comfortable and safe cutting. Built-up, pressure-absorbing handle is ideal for people with arthritis or limited ability to grasp. Great for people with the use of only one hand. Dishwasher safe.

**PR63031**

### 4 Good Grips® 8" Bread Knife

Enjoying your favorite baked goods is a piece of cake with the Good Grips® 8" Bread Knife. The sharp, serrated blade on our Bread Knife won't slip, as you slice easily through the crustiest loaves, rolls, and bagels. The soft, comfortable handle cushions your hand, and won't slip as you cut. Hand finished stainless steel makes our Bread Knife blade durable and long-lasting. Dishwasher safe

**PR63032**

### 5 The Good Grips® Spatula

The Good Grips® Spatula measures 11 inches long, the turner is comprised of a nylon head heat resistant to 400 degrees Fahrenheit, a stainless-steel wire neck, and soft, sure-grip handle. The turner is ideal for use on nonstick cookware and bakeware, and is dishwasher-safe.

**PR63041**

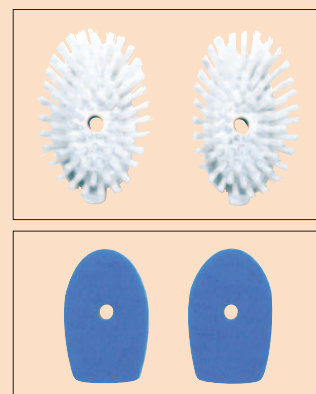

### 1 Good Grips® Soap Squirting Dish Brush

Good Grips® soap squirting dish brush. This brush combines a long-handle for ease of use with liquid soap for convenient cleaning of kitchen dishes. Featuring a soft grip handle which is comfortable and non-slip, even when wet, and durable nylon bristles that easily scrub away baked-on food. The button-release soap dispenser stops leaking and waste, and the brush is safe for non-stick cookware. When you require a new brushhead, simply push up on the tab to replace it. Alongside the dish brush refills you can also apply soap squirting scrub refills, a durable, antibacterial scrub with a unique shape for thorough cleaning inside corners and along curves while scrubbing away baked-on food.

**PR63033 Soap Squirting Dish Brush**

**PR63033/BR Brush Refil**

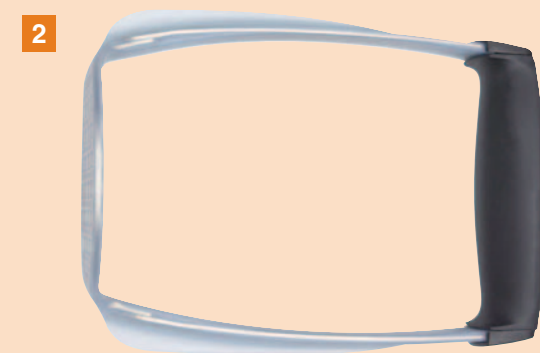

**PR63033/SR Scrub Refil**

### 2 Good Grips® Potatoe Masher

The Good Grips® Potatoe Masher lets you make great mashed potatoes with less pressure on your hands. The fine-grid, stainless steel mashing plate yields smooth mashed potatoes with no lumps. A broad, soft, horizontal handle lets you press straight down while it cushions your grip and absorbs pressure. Ideal for mashing carrots or other root vegetables -- or making homemade baby food like mashed apples or bananas.

**PR63034**

### 3 Good Grips® Chopper

Make easy work of chopping onions, nuts and more with the Good Grips® Chopper and Mini Chopper. Just press the soft knob and the blades rotate for even chopping. An internal soft bumper absorbs shock to increase comfort and reduce sound. Chop ingredients in the enclosed cup with its soft, non-slip base, or remove the base and chop directly on a cutting board. A tab rotates within the cup to prevent food from accumulating on the side walls. The entire blade cartridge can be removed from the shopper by simply unscrewing it, so clean up is a breeze. The blade is symmetrical for ease of reassembly. Both Choppers include a spoon for scooping so there's no need to leave your hands smelling like onions or garlic. Available in 2 sizes.

**PR63035 Chopper**

**PR63036 Mini Chopper**

Mini Chopper

### 4 Good Grips® Angled Measuring Jugs

The Good Grips® Angled Measuring Jugs have revolutionised liquid measuring due to their patented angled surface which lets you read measurement markings by looking straight down into the jug, so you don't have to bend and read the side of the jug. The jugs also have a soft grip handle, and easy pouring lip. Dishwasher safe. Available in 3 sizes.

### 1 Good Grips® POP Containers

The Good Grips® POP Containers are airtight, stackable and space-efficient, making it easy to keep your dry foods fresh and your kitchen organised. The Containers have a unique push-button mechanism that creates an airtight seal with just one touch and ideal for one handed use. The button also serves as a handle to lift off the lid. The Containers are designed for modular stacking so that you can efficiently organise your countertop and pantry. In addition, with their square and rectangular shapes, the POP Containers make the most of any storage space, while their corners allow for easy pouring. They are also great for use in the garage, play room and more; in fact, the POP Containers can be used in so many places that you'll want them POPping up everywhere. The lid comes apart for thorough cleaning.

**PR63037** Small square – 900ml

**PR63038** Rectangle – 2.3 litre

**PR63039** Large square – 3.8 litre

### 2 Good Grips® Extending Duster

The Good Grips® Extending Duster has a telescopic handle and dust-trapping 30cm microfibre head that rotates through 180°, there'll be no hiding place for dust. It can even reach round corners; set the head at just the right angle then lock it into place for those particularly awkward spots, like the tops of wardrobes. Microfibre head can be washed in cold water.

Extends to 137cm (54") with the simple press of a button.

**PR63040** Duster complete

**PR63040/RD** Replacement head

### 3 Good Grips "Y" Peeler

Good Grips handle ensures a secure hold, even when wet. The Good Grips Y Peeler blade swivels and requires minimal range of motion of the wrist or elbow with its horizontal blade. This peeler has a stainless steel blade and tapered, oversized hole for hanging. Household dishwasher safe.

**PR63020**

### 4 Good Grips Swivel Peeler

Good Grips Swivel Peeler cuts easily and requires minimal wrist movement.

The Good Grips Swivel Peeler has a stainless steel blade and tapered, oversized hole for hanging. Its Good Grips handle ensures a secure hold, even when wet. Household dishwasher safe.

**PR63021**

### 5 Coolhand

A hot plate needs a cool hand!

- Avoid burnt fingers the easy way
- Plate gripped and released as simply as using your hand
- Uses the power of leverage so that the entire hand takes the weight
- Ideal for those with arthritis and limited hand dexterity
- Light, strong and durable
- Easy to clean with no dirt traps

**PR60067**

### 1 Pill Crusher/2

Crushes uncoated pills into powder by a screw action. Ideal when mixing the medication with a drink or food. Useful for children or those with difficulty swallowing.

PR61437

### 2 Pill Splitter

Eliminate the mess and inaccuracies of dividing medication. Easily cuts pills without the risk of cutting the hand. Compact design is convenient for travelling. Safe for coated and uncoated tablets up to 13mm in diameter. Storage compartment holds unused portions. Dishwasher safe. Retail pack.

PR61500

### 3 7 Day Extra Large Pill Box

A large dispenser to enable a selection of pills to be added to each daily compartment. The large letters and compartments are helpful for users with poor eyesight or dexterity. Each day has a flip top lid. Overall length 230mm. Width 45mm. Depth 27mm.

PR61430

### 4 7 Day Mini Pill Box

The large 7 day pill box has 7 compartments, one per day for daily medication with a flip top lid. The lids are marked with letters and Braille. Colours may vary. Overall length 130mm. Width 35mm. Depth 24mm.

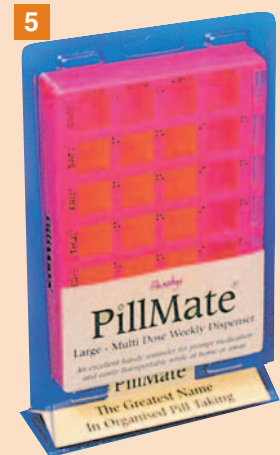

PR61432

### 5 Weekly Multi Dose Pill Box

Suitable for up to four times daily medication for one week or for four weeks once daily. The box has the weekdays and morning, noon, evening and night printed and in Braille. Medication record label included. Colour may vary.

PR61431

### 6 Vibrating Pill Box

### 1 Kettle Tipper

This tipper allows the safe and steady pouring of hot liquids without lifting any weight. It is suitable for most types of teapot or electric kettle and comes with a Velcro strap for added security. Made completely from plastic it is lightweight and corrosion resistant. Suitable for use with cordless kettles. Length 205mm (8"). Width 275mm (11"). Height 200mm (8"). Weight 500g. When using the tipper with a cordless kettle (especially a jug kettle) for extra safety, it is recommended that the tipper stabiliser base is used.

PR60011

### 2 Tipper Stabiliser Base

Stabiliser base for kettle/teapot/jug tipper

PR60011/BASE

### 3 Jug Kettle Tipper

Designed specifically for the use with jug kettles, this sturdy wire tipper makes it safe and easy to pour water. Hold your kettle securely in a cradle and pivots gently to pour with the need to lift. Not suitable for cordless kettles.

PR60072

### 4 Swedish Cutting Board

Vice holds food for one-handed cutting.

This adaptable cutting board can be used to slice and grate food or hold mixing and salad bowls. Designed for one-handed use, with stainless steel food spikes and a vice to hold objects. The vice can be used to hold jars while opening lids. Rubber suction feet secure the board to surfaces. The white plastic board measures 300 x 280mm (12 x 11"). Weighs 3lbs. (1.3kg). Clean dish with soap and water.

PR60004

### 5 Spreadboard

Bread holder is ideal for one-handed use.

Spread condiments easier with this easy-to-clean plastic holder. Non-slip feet and a downward curved lip keep the Spreadboard securely in place. Top rack dishwasher safe.

PR60003

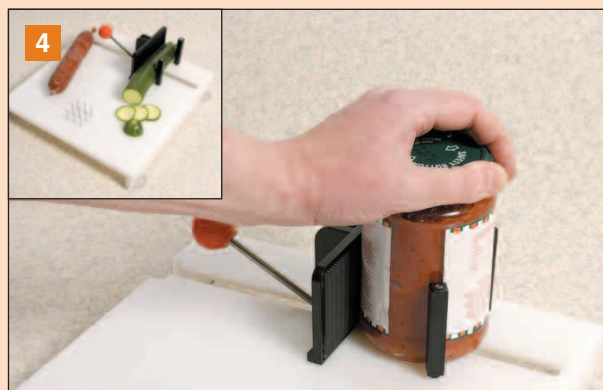

### 6 Waterproof Cutting Board

Aluminium food spikes hold food for safe cutting.

Cut and prepare food on the polyethylene waterproof cutting board. Aluminium food spikes hold food while cutting. Durable board has rounded edges and is easy to clean. Four rubber suction feet anchor the board securely to the surface. Two polyethylene food guards prevent food from sliding off the board. The small board measures 190mm (7½") square, and the large board measures 280mm (11") square. Weighs 1½ lbs. (.57kg). Dishwasher safe.

PR60001 Small

PR60002 Large

### 5 One Handed Tin Opener

A powerful yet simple tin opener designed to be safely used in one hand. Ideal for the elderly or disabled.

- One hand operation
- Magnetic holder for lid of tin
- Ergonomically shaped handle
- Simple to use with auto on and off
- Mains operated for extra power and economy
- Removable blade
- Measures 22 x 8.5 x 10cm

PR60069

### 1 Mini Cap Gripper

The Mini Cap Gripper fits all kinds of small screw lids (pill bottles, soft drinks etc). Apply the rubber belt around the lid and tighten it with the thumb wheel, then turn sharply, and you can unscrew the lid. Easy to use. Thumb wheel allows one handed adjustment. Patented ergonomic design.

PR60051

### 2 Cap Gripper

The patented Cap Gripper fits all kinds of screw lids. Apply the rubber belt around the lid and tighten it with the thumb wheel. Then turn sharply, and you can unscrew the lid. Easy to use. Thumb wheel allows one handed adjustment. Patented ergonomic design.

PR60052

### 3 Turn Key

Screw cap cartons can be difficult to open especially for children or elderly people who often lack the strength in their fingers. The Turn Key Screw cap opener solves the problem. Besides opening the carton's screw cap, Turn Key has an extra function. The small plastic lid underneath the screw cap that has to be removed by pulling a ring is easily removed using the small hook on the side of the opener.

PR60053

### 4 "T" Turning Handle

Perfect for persons with reduced dexterity. Turn just about anything with the "T" Turning Handle. Fits over knobs, keys, faucets and other irregularly shaped handles. The easy-to-grasp, 89mm (3½") "T" shaped handle provides leverage and a secure grip. The steel prongs are embedded in a durable plastic base to secure the object being turned. Fits items up to 32mm (1¼") in diameter.

PR60018

### 5 Screw Top Bottle Opener

Make life easier by using the unique screw top bottle opener. Suitable for soft drinks and other bottles, its easy hold shape fits over and grips most screw tops so that a simple turning action releases even the most stubborn tops. Use the screw top opener to easily remove tamper-proof tear off strips too. DLCC approved.

PR60034

### 6 Multi Grip

Practical and patented opener for various bottles with safety caps, like cleaning liquids and pill bottles (Keep out of reach of children!) Also ideal for opening soft drink bottles with plastic screw lids. The Multi Grip is a practical and efficient helper, especially for the elderly people that lack strength in their hands. Place the Multi Grip over the safety cap and with a joint pressure and turning movement, the cap is easily unscrewed. Thanks to the "wings" on the Multi Grip the opening of the safety cap is now easy.

PR60036

### 1 Spill-Not Jar Holder

Holds jars and prevents spills.

Persons with limited grip or the use of only one hand can easily open jars from 25 to 100mm (1 to 4") in diameter. Four rubber feet keep the holder securely in place. Can also be screwed to a work surface or inside drawer.

**PR60006**

### 2 Jar Pop Key

Patented and design awarded jar opener that fits all traditional preserving jars. The Jar Pop Key is placed against the lid of the jar, and with a slight lift, the vacuum is released, and the lid can now be easily unscrewed. The Jar Pop Key is made out of high density plastic in an elegant design. Jar Pop Key has no sharp edges or points, no removable parts, and is extremely durable. Dishwasher proof.

**PR60035**

### 3 Bottle and Jar Opener

Secure grip for easy twist off.

The Dycem Moulded Cone Bottle Opener provides a soft, secure grip when opening safety caps and childproof lids. The opener fits comfortably and snugly into the hand. Wash with warm soapy water to retain tackiness.

**PR61628 Bottle Opener BLUE**

**PR61627 Jar Opener BLUE**

### 4 Can Key

Practical and patented opener for all cans with a ring pull opening device. No more broken nails and sore fingers from opening cans. Leave your kitchen without stains of food. Place the tip of the Can Key under the ring and pull the handle. In that way the lid is removed safely and without trouble. At the same time and due to the controlled pulling you can avoid the contents of the can spilling out. The Can Key is made from high density plastic in an elegant design. It has no removable parts, and is extremely durable. Dishwasher proof.

**PR60037**

### 5 Maxi Jar Key

The World's Easiest Jar Opener - For Tall Lids!

Patented and design awarded jar opener that fits preserving jars with tall lids. Fits lids with a height of 15 - 20 mm.

The JarKey is placed against the lid of the jar, and with a slight lift, the vacuum is released, and the lid can now easily be unscrewed.

Size: 14 x 5 x 3.5 cm

Net weight: 37 g

Colours: White

### 1 Key Turner III

Curved handle fits comfortably in the hand and allows for easy turning.

The heavy-duty plastic handle of the Key Turner III provides extra leverage for easy turning. Ideal for persons with arthritis or a weak grip. Holds three keys. Fold the keys into the handle when not in use. The Key Turner III measures 120mm (4 $\frac{3}{4}$ " ) long, 22mm ( $\frac{7}{8}$ " ) wide, with a 100mm (4 $\frac{1}{8}$ " ) circumference.

PR60026

### 2 Cheekey

The Cheekey provides excellent leverage and increased grip for keys. A clever little device that makes holding and turning a key much easier and also doubles as a ring pull aid, for all the cans that have made life difficult for people with Arthritis and dexterity problems. Fits 99% of keys tested and carries more than two keys. Also assists unattached keys.

PR60047

### 3 Hold On

The patented Hold On is a handy holder for plastic bags etc; Fits into every pocket, purse or bag and is therefore easy to take anywhere. The Hold On is easily mounted on every kind of plastic bag and by using the Hold On one avoids sore fingers and red marks on you hands from carrying heavy plastic bags. Hold On is made of plastic and has no sharp edges or removable parts. Dishwasher proof. Pack of 2.

PR60055

### 4 Tube Master

Tube master squeezes out the last remains of the tubes in a simple way that leaves nothing inside the tube. The tube is easily mounted through the slide of the Tube Master, and by pulling gently towards the lid the tube is emptied out.

The Tube Master is made of high density ABS plastic in an elegant design. Tube Master has no sharp edges or points, no removable parts, and is extremely durable.

PR60054

### 5 Can Pop

Most of us have difficulties when trying to open a beverage can. If one manages to get the finger under the ring at all, the result is often a broken nail. With the patented can pop you can easily open your can. The opener is simply placed under the ring of the can, and with a gentle lift the can is opened. The Can Pop is designed so that the opener fits around the ring, avoiding the opener slipping to the side when fitted. The handle itself works according to the principle of the lever and therefore opens cans easily. The Can Pop is made of high density plastic in an elegant design. The Can Pop has no removable parts and is extremely durable. Dishwasher Proof

### 5 Magiplug® Bath Plug & Kitchen Sink Plug

Available as either a bath or kitchen sink plug, the Magiplug® is a unique device that reduces the risk of scalding and flooding. A Magiplug's® ingenious pressure release mechanism allows a bath or sink to be filled to a specific level and then if left unattended, releases excess water to prevent overflow. Prevents the damage and expense caused by flooding your bathroom or kitchen. The heat sensitive pad on the plug changes colour when the water temperature reaches 36°C to alert the user that the water may be too hot, reducing the risk of scalding. Magiplug® is a useful addition to any home and especially useful for anyone who is liable to forget to turn off the taps. Attaches easily to your existing plug chain.
